

## School Immunization Clinic Dates — Fall 2019

CK Public Health vaccination clinics for Grade 7 students are set to begin at local elementary schools again this fall to protect against: Hepatitis B, Meningococcal Disease and Human Papillomavirus (HPV).

These vaccines are only available free of charge from CK Public Health; they are not available from your doctor. Only those students with signed and completed consent forms can receive these shots.

A team of nurses will be at the schools listed below, on these scheduled clinic days.
