**CK Public Health running a “1<sup>st</sup> Dose Only” Walk-In Clinic**

CK Public Health will be running a COVID-19 vaccination walk-in clinic for those who have not yet received their first dose of the vaccine. The clinic will run on Monday, June 28<sup>th</sup>, from 3:30PM-7:30PM at the John D Bradley Convention Centre and is open to anyone aged 12+.

In partnership with CK Transit, CK Public Health will be offering free shuttle services direct to and from the Bradley Centre during walk-in clinic hours. These shuttles will be departing from the WISH Centre in Chatham and the Walmart (County Fair Mall) in Wallaceburg. For those unable to catch a shuttle but still wishing to take the bus, fares will be waived for Route 5 riders who identify to the bus driver that they are going to the clinic to receive their vaccine.

With a rising number of cases of the Delta variant across the province, Chatham-Kent’s Medical Officer of Health, Dr. David Colby, is hoping to achieve more protection for our community.

“By eliminating the hassle of pre-booking appointments and finding transportation to the clinic,” says Dr. Colby, “we will be able to get more Chatham-Kent residents vaccinated against COVID-19 before the Delta variant arrives here.”

There will be 300 walk-in appointments available on a first come, first served basis. The vaccine administered at the clinic on June 28<sup>th</sup> will be the mRNA vaccine.

Those looking to get their first shot who are unable to attend Monday’s walk-in are asked to visit [www.GetYourShotCK.ca](http://www.GetYourShotCK.ca) and book an appointment at an upcoming clinic.

**Transportation Details - Monday, June 28<sup>th</sup>**
